If the remaining amount is less than \$10 billion in regulatory assets under management, complete Question (b).

Any regulatory assets under management reported in Item 5.D.(3)(d), (e), and (f) should not be reported below.

If you are a subadvisor to a separately managed account, you should only provide information with respect to the portion of the account that you subadvise.

End of year refers to the date used to calculate your regulatory assets under management for purposes of your *annual updating amendment* . Mid-year is the date six months before the end of year date. Each column should add up to 100% and numbers should be rounded to the nearest percent.

Investments in derivatives, registered investment companies, business development companies, and pooled investment vehicles should be reported in those categories. Do not report those investments based on related or underlying portfolio assets. Cash equivalents include bank deposits, certificates of deposit, bankers' acceptances and similar bank instruments.

Some assets could be classified into more than one category or require discretion about which category applies. You may use your own internal methodologies and the conventions of your service providers in determining how to categorize assets, so long as the methodologies or conventions are consistently applied and consistent with information you report internally and to current and prospective clients. However, you should not double count assets, and your responses must be consistent with any instructions or other guidance relating to this Section.

Schedule D - Miscellaneous

You may use the space below to explain a response to an Item or to provide any other information.

****All information in this filing related to client count and assets under management are calculated as of December 31, 2025.**-- **Item 9.F.: Of the three custodians listed, the adviser has direct debit capabilities on two of them. General Partner cash is maintained at a third custodian. Adviser measures clients by household not by accounts.**-- **In response to item 9A2a and 9A2b: Registrant is now reporting these figures at the account level, rather than client level because SLOA's are executed at the account level not the client or household level. Sage has chosen to rely on the most conservative definition of third party which can include transfers between an individually titled account and the individual's retirement account which may be titled differently.**-- **Section 5.K.(1)b ETF's are now counted in category (ix) rather than (i).**-- **SECTION 7.B.(1)19. Private Fund Reporting: This response is no because the funds are all closed to new investors.**-- **Schedules A-B: The May 28th 2026 transfers of Sage Financial Group, Inc. equity interests by its principals to related family trusts were implemented solely for estate planning purposes and did not result in any change in the persons who control or manage the Registrant. As a result, under Advisers Act section 202(a)(1) and Rule 202(a)(1) 1, these transactions did not constitute an `assignment` of any investment advisory contract requiring client consent.****
